

In the Claims

This listing of claims will replace all prior versions and listings of claims in the application. Applicant has submitted a new complete claim set showing marked up claims with insertions indicated by underlining and deletions indicated by strikeouts and/or double bracketing.

Please cancel claims 1-18 without prejudice.

Please add new claim 19.

1-18. (Canceled)

19. (New) A method of treating an allergic response to an antigen or allergy related disorder during antigen specific immunotherapy of a subject comprising administering to the subject an amount of a first composition comprising a 5'CpG3' immunostimulatory oligonucleotide that inhibits the allergic response in the subject and a second composition comprising an antigen wherein the first and second compositions are administered in an amount sufficient to modulate the immune response to the antigen.
